

# U10 Hotspur

Another solid season from our boys, ending with memorable performances at: 'Cup in a Day' (plate runners-up), 'Hazlemere Sixes' (group winners and not conceding a goal until our final game in the knock-out stages) and U10's league (runners-up to a very good St James' side).

If there was a trophy for supporters, then our team's parents and families would have undoubtedly won that! Great vocal support and encouragement. It means a lot to the coaches and players alike. Thanks also for your continued efforts in

getting the team to footy every week and for helping with those 'little tasks' - Much appreciated and not taken for granted.

Joe Bis - Goalie. One of our most improved this season. Some great saves, plus great handling and drop-kicking (at last!). Starting to find his voice and command his area.

Matthew Peckham - Defender. Team Captain and Mr Reliable at the back. Now starting to direct play and coordinate the team. Leads by example.

Ben Mitchell - Defender (with attacking ambitions). Great energy. Never one to pull out of a challenge and loves to get forward. Another solid season and super partnership at the back with Matthew.

Daniel Phipps - Defender. Has delivered a performance whenever we have asked him to. Ball distribution has improved. Has won every 50/50 challenge. Solid.

Jared Duggan - Defender / Wing-

Back. Reliable. Great enthusiasm and energy. Memorable last-ditch tackling whilst also contributing with some crucial goals.

George Roskell - Left Midfield / Attack. Some impressive performances this season and some valuable goals, especially down our left hand side.

Toby Boakes - Right Midfield / Attack. Good improvement this year, with some memorable link-up play down our right hand side. Has netted some crucial goals, notably 'Haz 6's'.

George Bates - Midfield. Improved as the season went on. A versatile player, who has delivered some outstanding performances from central midfield. When he's on form, he's unplayable.

Dominic Hide - Midfield. Best performances have come through the middle this season. Strong in the tackle and good natural ability. Good passing ability and a fierce shot.

Aaron Randall - Centre Forward /

Wing. Great that Aaron netted his first senior goals this season - Really well deserved. Gradually finding his position and improving with confidence. Much improved link-up play this season.

Jack Dennis - Attacker / Left Wing. Whilst mainly sharing the centre forward role with Aaron this season, we have also found a natural position to show off his trickery and silky skills down our left wing. Valuable goals including the winner vs Amersham away and a great headed goal vs Hurricanes away.

Well done to all the boys for entertaining us royally for another season. Whilst the progression to 9-a-side next season will bring its own challenges, the coaching team feel that it will make an improved side, with our strength in depth. Bring on next season!

Chris Bis, Paul Boakes and
