

U12 Falcons

Due to losing players in the transfer window numbers were going to be our main problem again this season. But two new signings gave us enough players so we could compete again.

We new a tough season lay ahead but like last season our lads turned up with a great attitude and our team spirit was better than ever. Results were varied but games were often very close. One game in particular we were four nil down at half time. In the second half each and every player pulled together and put in a real Roy of the Rovers performance and brought the game back to four all. Well done to you all, you are a great bunch of lads.

The players

Josh: Another good season for Josh. Hard

work and determination saw him do well in midfield defence and in goal. Great goal keeping as always.

George: George played well all season mainly at right back. A tough lad to get past and good going forward.

Tom: Tom's leadership skills shone again this season leading from the back and leading by example.

Connor: New to the team and fitted straight in. Great left back, works hard and a real team player.

Charlie: Also new to the team he

has really come on this season, he has unbelievable tackles.

Femi: Femi's goal keeping was outstanding this season. I'm sure he holds the world record for the longest kick.

Daniel: Daniel has made another step forward this season, he breaks up play and never gives up. It's great to see him use his natural size and strength.

Harrison: Harrison played brilliant on the wing this season and as a wing back, linking play and creating chances.

Alfie: Alfie was great this season, scored some good goals going

forward and played brilliant when asked to play in defence. Has a real winner's attitude.

Gabriel: Gabriel's commitment to our team is awesome, a great attacking player with amazing skill. His hat-trick from four-nil down was as good as I've seen.

Kadeen: Kadeen was not around as much as we would like, but when available his pace strength and stamina was a real plus.

A special thanks to Henry for all his help especially in running the line for us.

Jody & Ade.
